2027 FLORIDA BRIDGE COMPETITIONS

FDOT | FLORIDA ENGINEERING SOCIETY | ACEC American Council of Engineering Companies of Florida

The **Florida Bridge Competition**, led by **FDOT** in partnership with **ACEC Florida** and **FES**, introduces middle and high school students to transportation and civil engineering through hands-on bridge design, construction, and testing. What began as a single event in Fort Lauderdale has expanded this year to regional competitions in Fort Lauderdale, Orlando, and Tallahassee, culminating in the State Finals at the 2027 ACEC Florida Transportation Conference. Tripling the reach this year, means we need your help more than ever! The competition inspires future engineers, strengthening Florida's workforce pipeline. Sponsorship provides an opportunity to support STEM education and invest in the next generation of transportation professionals.
